experience

2024 - Present

INTUIT MAILCHIMP

NEW YORK, NY

Senior Business and Sales Data Scientist

Senior Data Science leader driving go-to-market analytics, AI-powered tooling, and revenue strategy across Sales and Marketing functions at one of the world's leading email marketing platforms.

- **Product Development:** Built and launched Audience Funnel Builder, an AI-assisted prospect targeting platform enabling self-service market sizing, persona validation, and CRM-ready account exports for Sales teams.
- **Growth Strategy:** Identified and sized \$11M+ in annualized New MRR opportunity across vertical prioritization, competitor churn analysis, and reactivation modeling initiatives.
- **Market Intelligence:** Designed NAICS Whitespace Explorer, a segmentation and opportunity-scoring framework evaluating industry segments across market size, win rate, and pipeline coverage for FY27 planning.
- **AI & Automation:** Created 10 reusable Claude Agent Skills converting ambiguous sales and marketing questions into governed insight-to-action workflows across opportunity sizing, QA, and CRM handoffs.
- **Data Governance:** Identified and remediated a production data issue spanning 80M+ rows, restoring accurate firmographics for 150+ impacted accounts and codifying the resolution into reusable SQL governance patterns.

2021 - 2023

GOOGLE

NEW YORK, NY

Senior Business Intelligence Analyst, Finance

Led Finance-side analytics reporting and management for New Product Introduction (Performance Max), managing forecasting, business intelligence, and cross-functional capability development.

- **Forecasting & Launch Analysis:** Built revenue sizing and forecasting models supporting Finance product launch decisions, investment planning, and executive business reviews for the Performance Max rollout.
- **Capability Building:** Led development of an internal SQL and analytics training curriculum, materially improving analytical fluency and technical depth across non-technical Finance teams.
- **Cross-Channel Analytics:** Ascertained 7% incremental client lifetime revenue in partnership with Data Science teams for Performance Max AI components, including potential mix effects, cannibalization effects, and budget shifts among client segmentations.
- **Strategic Planning:** Delivered 2023 weekly forecast reports using Python fostering cross-functional alignment among Sales, Finance, and Global Product teams, informing decision-making with risk minimization.

2018 – 2021

SIGNATURE AVIATION

ORLANDO, FL

Senior Analyst, Revenue Management

Built analytics and revenue intelligence infrastructure across a 100+ location FBO network serving the global executive aviation market.

- **Revenue Analytics:** Designed a lead-generation opportunity model uncovering \$5M+ in uncaptured revenue across dormant and underutilized accounts; built Tableau dashboards for daily use by executive leadership.
- **Loyalty and Growth Management:** Developed reporting infrastructure supporting a branded credit-card initiative that contributed to 15% revenue penetration growth within the target loyalty cohort.

2014 – 2018

NBC UNIVERSAL— UNIVERSAL STUDIOS

ORLANDO, FL

CRM Analyst

Managed campaign analytics and measurement across digital for one of the world's largest theme park operators.

- **Marketing Measurement and Audience Strategy:** Implemented algorithmic segmentation within the campaign management platform, developed consolidated analytics datasets spanning 7 revenue streams to support marketing attribution and measurement for the Volcano Bay launch.

education

2013

ROLLINS COLLEGE

WINTER PARK, FL
